MUTINY ON IN FEDERAL RANKS

Mexicans Attack Funston's Men as Mutineers Engage in Fight Miles Away

GEN. MAAS DISCLAIMS ANY BLAME IN THE MATTER

Gen. Pena Reported En Route to Mexico City to Receive Huerta Resignation

WASHINGTON, July 7.—General Funston telegraphed to the war department today that the Mexican federales stationed about Vera Cruz have mutinied and have threatened to attack the American outposts. He said General Maas, their commander, notified him that in the event of such attack it must be taken as an outbreak of mob violence and not as having been ordered by himself or General Huerta. Funston indicated that he is not alarmed over the situation.

FEDERALS DISAFFECTED, ACCORDING TO REPORT

VERA CRUZ, July 7.—Mutiny among the federal troops stationed six miles from the American lines was declared today by Senor Campero, Carranza's agent here, to be spreading rapidly. He predicted that the revolt will soon reach the capital. The information was brought here by rebel couriers. American military men believe that Campero is exaggerating. They believed it was a fact, however, that three hundred federales have sent word to General Funston that they wish to surrender their arms. General Funston instructed all outposts to watch for the party and not to fire on the men. Should they surrender they will be interned here. Senor Campero has wired General Carranza the situation. He claims the federales have not enough loyal men left to arrest the mutineers.

100 MUTINIOUS FEDERALS ENGAGE THEIR COMRADES

VERA CRUZ, July 7.—News reached here this afternoon that one hundred Mexican federal mutineers and two hundred loyal federales under General Maas are fighting today fourteen miles west of Vera Cruz. It was learned that only one hundred men mutinied despite the assertions by Senor Campero that the mutiny was general.

Resignation Rumor

At Cordova, on the road to Mexico city, it is reported that General Garcia Pena, the federal commander, started by special train yesterday for the capital to receive General Huerta's resignation and to take charge of the Mexican government. General Pena in a measure is friendly to the rebels who believe he will surrender the city on demand.

Huerta organs at the capital admit only three per cent of a normal vote was polled at the recent general election.

TEMPLE THEATER WAS RE-OPENED WITH FINE FILM

The Temple Theater was re-opened last night as a motion picture house with one of the best films ever seen in Santa Ana. This was "Hearts Adrift," a thrilling story of love and loyalty, posed amid the most beautiful scenery, by Mary Pickford and a splendid company of the "Famous Players Company."

Beautiful little Mary Pickford is a true artist, and the prime favorite in Finland. Her work in "Hearts Adrift" is a genuine treat. The music was furnished by the Ladies' orchestra, from Tully's, and the excellent choice of numbers was rendered with a sweetness of melody that added much to the pleasure of the audience that filled the house.

WILLIAMS RESIGNS AS MINISTER TO GREECE

WASHINGTON, July 7.—Secretary of State Bryan laid before the cabinet meeting today the resignation of George Fred Williams as Minister to Greece. It was said it would be accepted immediately, and that the president might make a statement in the matter later.

DID "BIG BUSINESS" SUPPORT CARRANZA?

Henry Clay Pierce, Capt. Sherburne G. Hopkins

An interesting tale of the relations of the Constitutionalist of Mexico with "Big Business," as represented by Henry Clay Pierce, the oil magnate, and Charles R. Flint, has been published. Sherburne G. Hopkins, a Washington lawyer, it is said, has traveled in Mexico for Pierce, who has large oil interests there. Hopkins denies that either he or Pierce have done anything of which they are ashamed.

ORANGES WILL BOOST AT DENVER

Fifty Boxes Shipped Today to Advertise County at Elks' Convention

GOLDEN FRUIT IS TO WIN THE EASTERNERS

Ten Thousand Pamphlets Extolling Merits of Santa Ana Will Also Be Distributed

Today fifty boxes of oranges from various parts of Orange county were shipped to Denver, Colo., for exhibition and distribution at the Elks' convention, July 13 to 19. Ten thousand beautiful pamphlets, handsomely illustrated with nineteen cuts of Santa Ana's principal public buildings and scenes are now being printed and will be shipped to Denver for free distribution.

William F. Menton, Past Exalted Ruler of the local lodge of Elks, will have personal charge of the Orange county exhibit at Denver. It is estimated that 100,000 Elks from all parts of the United States will visit Denver during the week of the convention.

It is safe to say that no better boosting project than the present one has ever been undertaken by the Associated Chambers of Commerce of Orange county. Judging from the quantity and quality of the advertising literature sent from this county the results from the booster campaign will be manifold.

The Pullman Chamber of Commerce sent a large quantity of oranges and walnuts to Denver. Oranges were shipped by David Hewes, F. W. Knight, of the Tustin Hills Citrus Association, and by C. C. Chapman, of Placentia.

Menton leaves for Denver Friday. The results in previous years from booster campaigns conducted at Elks' conventions have been wonderful. The literature and samples of Orange county products are eagerly sought by easterners. The boosting done this month at Denver will be of double value as all eyes in the east and middle west are already turned to California in anticipation of the fairs to be held during 1915 at San Francisco and San Diego. The oranges, walnuts and Chamber of Commerce folders will need to do but little "talking" to persuade Easterners not only to visit California in 1915 but to stop over in Santa Ana and other Orange county cities as well.

YACHT RACES CUT OUT BY WEATHER

Resolute Ahead Unofficially; Shamrock IV Defeats Shamrock III

NEWPORT, R. I., July 7.—The first official trial race of the yachts Resolute, Vanitie and Defiance for the honor of defending America's cup against Sir Thomas Lipton's Shamrock IV, was postponed today on account of inclement weather. The race will probably be held tomorrow. To date in unofficial contests the Resolute has won seven races, the Vanitie four, and the Defiance none.

Shamrock IV Defeats Shamrock III

SOUTHAMPTON, Eng., July 7.—Lipton's challenger, Shamrock IV, easily defeated Shamrock III today in a trial race. The challenger appeared in cutter rigging.

BERLIN, July 7.—Appropriate fetes were held by the royal family today in celebration of the thirtieth birthday anniversary of Prince Eitel Frederick, second son of the Kaiser.

"SHALL WE PAY OUR TEACHERS AND JANITORS FOR WORK WELL DONE?"

"That," said L. J. Carden today, "is the only question to be answered at the polls tomorrow by the voters of Santa Ana. If they vote no, the teachers and janitors will have to wait at least a year, and possibly longer, for their pay for May and June services. Put yourself in their places. Would you like to wait a year for your wages? And remember—putting off payment does the taxpayer no good—payment must be made now or later—putting it off only harms and wrongs the teachers and janitors."

GLENN MARTIN'S OVER-OCEAN FLIGHT

Makes Record Hydroplane Trip Today From East Newport to San Diego

REACHED MILITARY CAMP 1 HOUR AND 20 MINUTES

Followed Coast Line Over the Ocean at Average Height of 500 Feet

SAN DIEGO, July 7.—Leaving East Newport today at 10:52 o'clock Aviator Glenn Martin made a record flight in hydro-aeroplane flying to the North Island military aviation camp in one hour and twelve minutes. Lieutenant T. S. Bowen of the army school accompanied him. He followed the coast line over the ocean at an average height of 500 feet. Commenting on the trip, Martin said he believes a trans-Atlantic flight possible but hazardous, with the chances opposing success.

Was Seeking Record

EAST NEWPORT, Cal., July 7.—Glenn Martin, flying a hydroplane, started his flight to San Diego over water shortly before 11 o'clock today. He expected to reach San Diego within two hours.

Martin had expected to take the air at 9 o'clock this morning. He was to take with him as a passenger Lieutenant Bowen of the United States Aeroplane Squad.

Should the trip be successful, upon reaching his destination Martin was to make a landing in the bay of San Diego. The machine will be viewed by the members of the United States Aeroplane Corps for the purpose of a stamp of approval for using the flyer as an army scout.

Not long ago Martin attempted to fly to San Diego, taking with him Lieutenant Muller of the U. S. A., but as the two neared their journey's end they were stopped by a dense fog. The weather being more settled now, it is the belief of the aviator that the trip will be made today without interruption.

WHY ABE RUEF'S PAROLE IS OPPOSED

Gov. Johnson Says He Should Be Treated Just the Same as Other Prisoners

NEITHER MORE HARSHLY NOR MORE LENIENTLY

Declares Court Ruling Simply Allows Application for Parole in One Year

SAN FRANCISCO, July 7.—The Examiner published today under Governor Johnson's signature an explanation of his reasons for opposing the parole of Abe Ruef. The article said in part:

"I do not believe Abe Ruef should be paroled at this time. I insist that he should be treated like an ordinary prisoner, neither more harshly nor more leniently. In behalf of a parole for Ruef it is insisted that any man is entitled as a matter of right to a parole after one year's imprisonment. I will not subscribe to this doctrine. It has been asserted that the Supreme Court has so decided. This is not true of the Supreme Court. The Supreme Court simply determined that after one year a prisoner had the right to make such an application, but that the parole rested absolutely thereafter in discretion with the prison board."

IOWA "BLUE SKY" LAW IS UNCONSTITUTIONAL

DES MOINES, Ia., July 7.—Federal Judges Walter L. Smith, John Pollock and Smith McPherson yesterday knocked out the Iowa "blue-sky" law passed by the last legislature. It was declared unconstitutional on grounds of discrimination and in violation of the interstate commerce clause of the constitution. The decision reversed that of Judge McPherson, which he withdrew.

SPECIAL TAX IS PROPOSED TO PAY OBLIGATIONS THAT THE SCHOOLS HAVE INCURRED

Statement Is Made to the Voters by the Santa Ana Board of Education

To the Citizens of Santa Ana:

The election set for Wednesday, July 8th, has been called by the Board of Education for the purpose of giving the citizens of Santa Ana an opportunity to vote a special tax of \$10,000 to provide the necessary funds with which to pay the salaries of the grammar grade and kindergarten teachers for the months of May and June and the salaries of the grammar school janitors for the same months. The sum asked is required to meet these salaries. If this tax is voted the teachers and janitors will be paid at once; if it is defeated the good name of the city of Santa Ana will suffer for this refusal to pay the teachers their hard earned money.

The deficit is caused by the large increase in school attendance with no corresponding increase in school funds.

In this election each ward constitutes one precinct. Residents of the First Ward will vote at the old High School on Main street; Second Ward at the Lincoln School; Third Ward at the City Hall; Fourth Ward at the McKinley School on Third street; Fifth Ward at the Jefferson School.

The only words which go on the ballot are "tax" "Yes" or "tax" "No." This is in compliance with the law. If any other words are put on the ballot the election will be invalid.

Signed
W. L. DUGGAN,
President Board of Education.
LYDIA C. SMART,
Secretary Board of Education.
VIOLA S. NORMAN,
H. G. DEAN,
L. J. CARDEN.

The above statement signed by the members of the Santa Ana Board of Education is a statement of the reasons for holding the election tomorrow at which the proposal to vote a special tax of \$10,000 is to be considered by the voters of Santa Ana.

The polls will open at 8 a. m. and will close at sundown. It will take a majority vote to carry the special tax.

Should Be Paid

"The teachers have earned their money and they should be paid," said C. S. Crookshank, cashier of the First National Bank. He said he was going to vote for the special tax.

"Santa Ana owes this money, and the debt ought to be paid at once," said J. A. Turner, cashier of the Farmers and Merchants' National Bank. I feel that it would be a shame for this city to allow the teachers to wait longer for their pay. The special tax will amount to only a few cents to each property owner."

"I shall vote in favor of the special tax," said Attorney S. M. Davis today. "The debt is a just and honest one and should be paid. The city has value received in the teachers' services rendered."

"I shall vote in favor of the special tax," said Attorney E. E. Keech. "The teachers should not be made to suffer."

William F. Lutz, cashier of the California National Bank, said: "The salaries have got to be paid and the tax should be voted on favorably."

PRISON GUARD CLAIMS TO BE CLEVER AUTHOR

JULIET, Ill., July 7.—Max Erxleben, a guard in the Illinois state penitentiary here, making \$70 a month as an overseer on the "Pen" farm, asserts that he is "Larry Evans," the mysterious author of "Once to Every Man," a best seller, and scores of short stories which have been published in almost every big magazine in the country.

Erxleben said he is making more than \$5000 a year by his writing. He is uneducated. He was an attendant at the Kankakee State Hospital for the Insane. He said he worked there and in Joliet prison merely for information to embody in his writings.

CITIES AND ROAD DISTRICTS OF ORANGE COUNTY SHOW INCREASE OF ASSESSMENT

According to the rolls turned over by County Assessor James Sleeper to the Board of Supervisors yesterday, the assessment of every city in the county was raised, except Stanton, which was cut almost in half because half of the city withdrew from the municipality.

Nearly every road district in the county shows an increased assessment, which speaks a great deal for the general tone of progress and prosperity for all of Orange county.

The only road districts that do not show an increase are Newhope and Stanton. Newhope would have shown an increase but for the fact that the Holly Sugar company had less sugar on hand the first Monday in March this year than it had last, and sugar is worth less. The reason Stanton road district shows a decrease is that part of the district was transferred to the Buena Park road district.

The assessment comparison this year with last for cities and road districts follows:

Cities	1913	1914
Santa Ana city	\$5,629,800	\$5,983,515
Orange city	1,547,330	1,602,560

County Assessor Sleeper's personal property and poll tax collections this year were far heavier than ever before in the history of the county. Yesterday he turned \$110,849.87 into the county treasury, that being the largest month's settlement ever made in a month by an assessor of this county. Personal property and poll tax collections for the year have totaled \$125,158.48.

For comparison, it might be mentioned that the personal property and poll tax collections for 1910 were \$27,634.89.

WARBURG AND JONES NOT FAVORED

Senate Committee Hesitates as to Recommending Reserve Board Appointments

WARBURG MIFFED—WIRES WITHDRAWAL OF NAME

Jones Case Before Committee; Men Already Confirmed Will Soon Qualify

WASHINGTON, July 7.—The Senate Committee on Banking showed strong signs today of balking at recommending that the appointment either of Thomas Jones or Paul Warburg to the Federal Reserve Board be confirmed. The committee sent a telegram to Warburg asking him to appear in person before it. Warburg resented the prospective quiz so much that he has insisted on withdrawing his name from the list of the president's appointees. He sent a telegram to President Wilson making his position so definite that the latter has nearly decided it is useless to press further for his confirmation.

Jones has already presented his case before the committee, he having undergone a several hours' quiz as to his relations with the International Harvester company and the New Jersey Zinc company, both so-called trusts.

Both appointments were personal with the president. Both seemed today to be doomed to failure.

Three of the members of the Federal Reserve Board nominated by the president—Charles S. Hamlin, W. P. G. Harding and A. C. Miller—were confirmed late yesterday by the Senate. They will take the oath of office within a few days, and the work of setting in motion the new Federal banking system can begin at once. The secretary of the treasury and the comptroller of the currency are ex-officio members of the board which consists of seven members. The five will constitute a quorum to do practically all preliminary business.

PRIZE FIGHT DREW BRILLIANT CROWD

LONDON, July 7.—Both claiming to be in perfect condition, Lightweight Champion Ritchie and Challenger Welsh weighed in today for tonight's battle. Both made the stipulated 135 pounds easily. Ritchie said he would partake of a big dinner and expected to enter the ring weighing 139 pounds. Betting is slightly in favor of Welsh. The indications pointed to the biggest house in English boxing history.

Two hours before ring time the crowd began to gather. The galleries were quickly filled, with every indication of an enormous crowd. Half an hour before the battle limousines began depositing wealthy patrons in evening dress.

Hundreds of richly clad women in sparkling diamonds were in the ring-side boxes. The audience is said to be the most brilliant in fight history and included scores of men prominent in every walk of life, political to mercantile with a liberal sprinkling of the nobility.

The last word from each camp was to the effect that both gladiators were in perfect condition and confident of victory.

LIGHT CURRENT TO BE CARRIED UNDER SEA

COPENHAGEN, July 7.—An agreement between the South Swedish Power Company and the North Sea and Electric Works has been sanctioned by the Swedish and Danish governments. Instead of importing British coal with the risk of market fluctuations, the works will in a few years conduct current equal to 15,000 horse power by submarine cable from Lagan in Sweden, and supply light over the whole of North Sea land. The cable under the sound will be seven kilometers in length, and will be the longest of its kind in Europe.

VANCOUVER PROPOSES TO SUPPRESS NOISE

VANCOUVER, Wash., July 7.—An ordinance was introduced today in the city council making it a misdemeanor to cause noise of any kind by whistle, gong, rattle, clapper, hammer, drum, horn or similar device or to carry on speeches in a noisy manner.

The Southern Counties Gas company made an unsuccessful attempt last night to get the City Trustees to allow it to add ten per cent penalty to all bills not paid by the 11th of the month on which they are rendered. The gas company's speaker declared that with the change to natural gas, the company is working on such a close margin that it needs every help that the city can give it. But the majority of the trustees could not see it that way.

Of many things that came before the trustees last night, this proposal was the most interesting, and nothing came of it except that a conviction floated out upon the company's sea of natural gas that it is not at all likely to secure its measure.

"The change to natural gas has so affected our revenue," said the gas company representative, "that we find it necessary to practice every possible economy. In the last month of using artificial gas, the average bill was \$2.05. Under natural gas the average bill is \$1.09. Last year it cost us two per cent to collect our bills, and we lost 1.5 per cent of our bills by reason of the people moving away. To better our collections, we propose that you allow us to add a ten per cent penalty on any bill not paid by the 11th of the month, with a minimum penalty of twenty-five cents. We propose to send out notices to delinquents on the 11th, and those whose bills are not paid by the 20th will have their meters taken out, and it will cost \$1 for starting service again."

KARL FRANZ JOSEF, NEW CROWN PRINCE OF AUSTRIA, DUCHESS AND SON

Archduke Karl Franz Joseph has come to be the heir to the crown of Austria-Hungary as the result of two violent deaths—the murder of Archduke Franz Ferdinand and his morganatic wife, Duchess of Hohenberg, recently in Bosnia, and the mysterious killing, twenty-five years ago, of Archduke Rudolph, Emperor Franz Joseph's only son.

The assassination of the heir to the Austrian throne is the last of a long chain of tragedies in the Hapsburg family.

In his new life of the Emperor of Austria, Francis Gribble records that the earlier years of Francis Joseph's reign were marred by cruelties.

"Countess Karolyi," Gribble relates, "whose son had been a victim of the repression, cursed Francis Joseph in scathing words which

will cost \$1 for starting service again."

McPhee said that the request of the gas company reminded him of the story of the fine bull that tried to butt an engine off the track. The owner of the bull kicked the carcass and said: "I admire your nerve, but I damn your judgment."

"I think there is a good profit in natural gas at seventy-five cents per 1000 cubic feet," said he. "Besides, this company collects \$5 from some of its customers as a deposit, and pays no interest on it. I oppose this movement to turn the city council into a collection agency, and I move to deny the request of the gas company."

There was no second to the motion. Grubb: "One thing the gas company could do to encourage payments would be to give a rebate. I think the gas company is entitled to every courtesy we can extend, and we should aid it for the reason that we forced this change to natural gas. Any man who intends to pay his bill should pay by the 11th of the month. The request is not unreasonable, and I move that the request be granted for one year." No second.

McPhee: "Is there any law whereby this council can help a corporation collect its bills?"

City Attorney Heathman said that any penalty added to a bill would be in violation of the ordinance, which fixes the rate at seventy-five cents, and a penalty would be charging more than that rate. The board can allow a penalty only by adopting an ordinance.

Alderman declared that the gas company is in a position now to make better collections than the ordinary grocer, for the reason that it can require a deposit of \$5 from transients, it can shut off the gas, and it has a monopoly on the business, so that a person cannot quit and go to a competitor.

Mayor Ey said that under the ruling of the city attorney there was nothing doing, and the matter was passed over.

Keep Right at Curb
H. D. Connell and J. W. Tubbs as a committee of the Santa Ana Auto Club asked that the city pass an ordinance making it necessary for an automobile being stopped at the curb to be stopped with the right side next to the curb, and close to the curb. The city attorney said such a law could be passed by the city. He was instructed to prepare an ordinance. Connell said that every day vehicles endanger lives by failing to stop to allow passengers to board or leave electric cars. Heathman said the state law does not require autos to stop under these circumstances.

Skating Rink
M. E. Jackson asked for a permit to establish a skating rink either at the corner of Second and Bush or at Third and French. Ey said a skating rink is a nuisance, and many object to it. Jackson promised to close at 10 o'clock each night and not to open on Sundays. Grubb said the rink if at

seem to sum up all the possibilities of human hate, thus:

"May heaven and hell blast his happiness! May his family be exterminated! May he be smitten in the persons of those he loves! May his life be wrecked and may his children be brought to ruin!"

Years later came this newspaper summary of tragedies to illustrate, as the superstitious might hold, the workings of the curse:

"On January 30, 1889, Crown Prince Rudolph took his own life in his hunting box at Mayerling."

"In May, 1897, Sophie, Duchess d'Alencon, at one time the affianced bride of Ludwig II of Bavaria, was

burned to death in Paris. "On June 16, 1867, the Emperor Maximilian of Mexico, the empress's brother-in-law, was shot by a firing party at Queretaro."

"His consort, the Belgian Princess Marie Charlotte, lost her reason and was mad for thirty years."

"Archduke William Francis Charles died in the summer of 1894 at Baden, near Vienna, from injuries sustained through a fall from his horse."

"Archduke John of Tuscany, who had resigned his rank and taken the name of John Orth, disappeared on the high seas off the coast of South America."

terred to the street committee with power to act.

For Fire Engine

Bids were received from six companies, offering the city fire engines. Figures ran all the way from \$5000 to \$10,500. These bids were ordered investigated by a committee consisting of George Spangler, Fire Chief Young, Grubb, Alderman and Reid.

Third Man Is In
Harlow Halladay and others interested in paving East Chestnut reported that they desired to cancel their signatures with Contractors Hubmann and Crandall, as they have found a contractor who will do the work for less. The trustees said it was a private contract, and they had no authority to handle the matter. The petitioners asked that neither Hubmann nor Crandall be allowed to enter upon the street to tear it up.

It had been proposed to pave Cypress between Pine and Chestnut, but this was withheld until the Chestnut matter is settled. It being proposed to pave when that street paves.

On the report of the inspector, Stephen Ross, the paving on Sycamore from Third to Cubbon was accepted. On Street Superintendent English's report the East Fourth street paving was accepted.

Asphaltic Troubles

J. F. Franke and a number of others living near Stafford and the S. P. asked that Hubmann be required to raise the smoke-stack at his asphalt plant to sixty-five feet, and make several other changes to remedy what the petitioners stated is now a nuisance.

Hubmann said the plant is a model one, and if such a plant cannot be operated on a railroad reservation it ought to get out of town. The matter was referred to McPhee, Greenleaf and Health Officer Clark.

The city attorney was instructed to write to W. H. Zimmermann, asking him to sidewalk his property on Orchard between Van Ness and Parton.

A Close Shave

Grubb said he was convinced that the P. E. crossing on First street is very dangerous. He was almost caught by a P. E. car which was going only about eight miles an hour, instead of four as promised by the P. E. when an automatic flagman was requested.

Grubb's motion to have the city attorney write the P. E. and notify it that the city desires that an automatic signal be placed at the crossing was carried.

On Grubb's motion the P. E. was given ten days in which to pave its crossings on Pine and Second streets. The mayor was instructed to sign a contract for paving on West First, and for a curb at D and Washington streets.

Not Settled

McPhee declared that the city should refuse to grant the petition of A. J. Lawrence for a laundry at 756 Orange avenue, on the ground that it would be a detriment to nearby property. Ey left the chair and made a strong appeal for the good of nearby property, declaring that the laundry would injure the proposed development work by M. R. Heninger. Grubb, Greenleaf and Alderman could not see it that way, and voted no on a motion to deny the petition. The matter was not settled.

Was Some Check

W. L. Deimling, manager of the Edison company, gave the city a check for \$45.66, that being the percentage tax under the Edison franchise.

C. F. Crose asked that McClay street, now heavily traveled and now in bad condition, be oiled. He said ranchers would donate half a dozen teams for a day's work. The matter was looked on favorably, and was re-

ferred to the street committee with power to act.

For Fire Engine

Bids were received from six companies, offering the city fire engines. Figures ran all the way from \$5000 to \$10,500. These bids were ordered investigated by a committee consisting of George Spangler, Fire Chief Young, Grubb, Alderman and Reid.

Third Man Is In

Harlow Halladay and others interested in paving East Chestnut reported that they desired to cancel their signatures with Contractors Hubmann and Crandall, as they have found a contractor who will do the work for less. The trustees said it was a private contract, and they had no authority to handle the matter. The petitioners asked that neither Hubmann nor Crandall be allowed to enter upon the street to tear it up.

It had been proposed to pave Cypress between Pine and Chestnut, but this was withheld until the Chestnut matter is settled. It being proposed to pave when that street paves.

On the report of the inspector, Stephen Ross, the paving on Sycamore from Third to Cubbon was accepted. On Street Superintendent English's report the East Fourth street paving was accepted.

Asphaltic Troubles

J. F. Franke and a number of others living near Stafford and the S. P. asked that Hubmann be required to raise the smoke-stack at his asphalt plant to sixty-five feet, and make several other changes to remedy what the petitioners stated is now a nuisance.

Hubmann said the plant is a model one, and if such a plant cannot be operated on a railroad reservation it ought to get out of town. The matter was referred to McPhee, Greenleaf and Health Officer Clark.

The city attorney was instructed to write to W. H. Zimmermann, asking him to sidewalk his property on Orchard between Van Ness and Parton.

A Close Shave

Grubb said he was convinced that the P. E. crossing on First street is very dangerous. He was almost caught by a P. E. car which was going only about eight miles an hour, instead of four as promised by the P. E. when an automatic flagman was requested.

Grubb's motion to have the city attorney write the P. E. and notify it that the city desires that an automatic signal be placed at the crossing was carried.

On Grubb's motion the P. E. was given ten days in which to pave its crossings on Pine and Second streets. The mayor was instructed to sign a contract for paving on West First, and for a curb at D and Washington streets.

George McPhee, county sealer of weights and measures, has made his annual report to the Board of Supervisors, showing the work done by him in the last year. The report follows:

"Gentlemen:—As sealer of weights and measures for this county I have the honor to report the following summary of work done by me since my term of office began, August 10, 1913:

"Total number of inspections made, 1177. Of these there were 652 pieces sealed, 219 tagged for repair, 306 condemned."

"During the year there have been nine cases of violations of law successfully prosecuted."

"Acting under advice of the district attorney I have endeavored to carry out the requirements of the law more as a campaign of education than as a means for collection of revenue, and although in many cases perhaps more or less hardship has been unavoidably worked as the result of the law's enforcement, I believe I have the hearty support and endorsement of every business organization in the county as well as that of individual firms and a large majority of private citizens."

"Improved conditions due to the work of this office during the year include the passage of an ordinance regulating the sale of wood as fuel the passage of an ordinance regulating the handling of berries which are now sold by weight, the strict enforcement of the net container act as regards the sale of butter, flour and cereals, which has already resulted in marked benefits to the consumer."

"It would seem from the increasing number of calls being received by this office that the general public is rapidly coming to a better realization of the importance and purpose of this department and that this office is ever ready and willing to investigate complaints and to enforce the law when such complaints are well founded."

MUNICIPAL "CLEAN DANCE HALLS" PAY

Cleveland, Ohio., Chaperons
Open-Air Affairs in City
Park Pavilions

CLEVELAND, July 7.—Cleveland's municipal dance halls are a decided success. This fact was today attested by Mayor Baker and other officials who have watched the operation of "clean dancing" at three cents per dance in the city park pavilions.

The dances are open-air affairs. Every afternoon and evening except Sunday during the summer months young couples of the city are enabled to enjoy chaperoned dancing but the tango and other latest dips and twists are barred.

Nine thousand, nine hundred and seventy-seven tickets were sold at Edgewater Park pavilion on the opening night. The municipal chaperon had an easy time. But one unruly character had to be put off the floor. The culprit was a frisky little mongrel "pup" who slipped by the doorkeeper and had the time of his life trying to chew the dancers' heels. He eluded Miss Marguerite Reilly until the music stopped and then he was caught and unceremoniously bounced.

At Woodland Hills pavilion, Mrs. Carol Sullivan, the chaperon, had not a single case to need her attention though 5624 paid for dances. Total receipts at the two municipal dances on the opening night were \$462.03, representing a good profit for the city after the musicians had been paid. The dance halls are to be kept open every afternoon and evening except Sunday until the chill autumn winds interfere.

DRINK MORE WATER IF KIDNEYS BOTHER

Eat Less Meat and Take Salts
for Backache or Bladder
Trouble

Uric acid in meat excites the kidneys, they become overworked; get sluggish, ache, and feel like lumps of lead. The urine becomes cloudy; the bladder is irritated, and you may be obliged to seek relief two or three times during the night. When the kidneys clog you must help them flush off the body's urinous waste or you'll be a real sick person shortly. At first you feel a dull misery in the kidney region, you suffer from backache, sick headache, dizziness, stomach gets sour, tongue coated and you feel rheumatic twinges when the weather is bad.

Eat less meat, drink lots of water; also get from any pharmacist four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean clogged kidneys and stimulate them to normal activity, also to neutralize the acids in urine, so it is no longer a source of irritation, thus ending bladder weakness.

Jad Salts is inexpensive, cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep the kidneys clean and active. Druggists here say they sell lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble.—Advertisement.

FRANCIS J. HENNEY

HENNEY IS TO SPEAK MONDAY

Address Will Be Delivered in
Santa Ana in the
Evening

It is announced from Heney headquarters that Francis J. Heney, candidate for the Progressive nomination for United States senator, will be in this county on Monday, July 13. During the day he will visit Orange, Fullerton and Anaheim, and in the evening he will speak in Santa Ana.

S. J. Jackman, chairman of the Progressive County Central Committee, is to make arrangements for the meeting. It will be held either at the open air auditorium of the Polytechnic high school or at the intermediate school on Main street.

A meeting of Progressives has been called for 7:30 o'clock tonight at the city hall. State Senator W. J. Carr of Pasadena, who is engaged in the trial of the Yorba Linda case here, will speak at 7:30 o'clock, and the public is invited to hear him. Following the speaking there will be a meeting of Progressives for the purpose of making arrangements to get nominations for county central committee from the First Supervisorial district.

A PERFECT CATHARTIC
There is sure and wholesome action in every dose of Foley Cathartic Tablets. They cleanse with never a gripe or pain. P. A. Morgan, Gore, Ga., writes: "I lately had occasion to use a liver medicine, and took Foley Cathartic Tablets. They thoroughly cleansed my system, and I felt like a new man—light and free." Chronic cases of constipation find them invaluable. Stout people are relieved of that bloated, congested feeling, so uncomfortable especially in hot weather. They keep your liver busy. EDUCATORS WILL DISCUSS NEW AND PROGRESSIVE IDEAS

ST. PAUL, July 6.—Whether sex hygiene is to be taught in the schools and colleges throughout the country during the coming year is one of the issues that will be threshed out this week when the National Educational Association begins its general sessions at the Auditorium. The resolutions committee of the association will consider the question of sex hygiene and at least a score of other progressive subjects. From every state in the Union, leading educators of the country began arriving Saturday. Special trains and excursions brought school-masters by thousands, and learned college professors mingled with the young teachers from the question of teachers' right to unionize will be given a position on the program of the sessions was problematical, but it was certain the subject will be discussed. It is reported that a certain element of the convention is strongly in favor of recommending the right to organize unions. The peace movement and the National University movement will probably receive the hearty endorsement of the convention. The association's supervisors of music have prepared a resolution calling upon Congress to bring about through the Bureau of Education a uniform rendition of the national songs. The National Council of the association met Saturday afternoon and began their sessions with a discussion of rural schools and their improvement.

Oriental Problem Up
Responsibilities of educators for the solution of the oriental problem was to be one of the important subjects discussed. Dr. Sidney L. Guick was to be the speaker on the oriental problem. He advocates instruction in geographies, histories and other text books, such material as will give American children and youth more correct ideas as to Asiatic peoples, and develop in this way a proper attitude of respect and good will. Declaring that "the prosperity of America depends to a large extent upon the presence, the right treatment and the happiness of the immigrant here," Dr. Guick urged that the children be taught to look with good will upon immigrants of all classes.

CHILDREN'S COOPERATIVE CLUBS
PASADENA, July 7.—The Morton Avenue Neighborhood Club has gone in for the co-operative care of children. This club has a dozen members, all mothers. It also has a playground. Throughout the twelve mid-summer weeks the mothers rotate in directing the youngsters' playground activity and in entertaining them throughout the day. Each mother has a week of it. "Eleven weeks of rest and one week of golden opportunity," is the club's motto.

PITTERS SCARCE AT DRYING CAMPS

There is a scarcity of sufficient help at the various apricot camps round about Santa Ana. It is estimated that the season is practically half over, the 'cots having ripened to a tremendous extent in the last week. The fruit came on with a rush and left a large majority of the driers without sufficient help.

It is reported that a number of the camps will lose quantities of apricots owing to the scarcity of labor. The San Joaquin Fruit Company has taken its picking crew off for a number of days and put the men to work on pitting.

In regard to prices there is very little if any fruit being bought. Some few growers contracted about two months ago to sell at 9 cents. It is reported that the dried 'cots have dropped down to about 8 cents, with no takers at this price.

RUBY REBEKAHS HELD INSTALLATION

(By Staff Correspondent)
ORANGE, July 7.—The Ruby Rebekahs held their installation of officers at the Odd Fellows hall last evening, a large crowd being in attendance.

The hall was handsomely decorated, with the lodge colors much in evidence in the general scheme. Pink sweet peas and ferns were used, with roses in the dining hall. At each place was a spray of sweet peas and ferns.

Following the exercises a delicious banquet was served in the dining room, the menu including olives, sandwiches, iced tea and pineapple pie a la mode.

The installation was conducted by Maude E. Bolton as district deputy grand president, and Mrs. Swift as district deputy grand marshal, with their staff from Huntington Beach.

The following officers were installed: Mrs. Gertrude G. Dreyer, noble grand; Mrs. Flora G. Tompkins, vice grand; Esther A. Smith, recording secretary; Mrs. Mary A. Palmer, financial secretary; Mrs. Annie C. Crawford, treasurer; Mrs. Agnes Porter, warder; Mrs. Jennie E. Brown, inside guardian; Mrs. Blanche M. Porter, outside guardian; Mrs. Addie B. Lucy, chaplain; Mrs. Lotta B. Gitchell, R. S. N. G.; Mrs. Susan B. Waechter, L. S. N. G.; Mrs. Ida E. Davis, R. S. V. G.; Mrs. E. Frances Youngs, L. S. V. G.

Funeral services for Herbert Carter, four-year-old son of Mr. and Mrs. Forest Carter, who died Saturday at Santa Fe Springs, were held yesterday afternoon in the First Methodist church.

Fifty or sixty friends of the family gathered for the service at 2:30 o'clock. Rev. B. C. Cory conducted a short service earlier at the Taylor Bush home in Olive, and also officiated at the church. Burial was made in Santa Ana cemetery.

Mr. and Mrs. Forest Carter reside in Bakersfield. Their child died suddenly Saturday while visiting with his mother at the home of her parents in Santa Fe Springs.

Mrs. W. H. Yarger, whose death took place the latter part of last week, was laid to rest yesterday.

Funeral services were held at 10:30 o'clock a. m. in the First Methodist church, Rev. B. C. Cory officiating. The services at the church and at the grave were in charge of the Ruby lodge or Rebekahs, of this city.

Many beautiful flowers marked the event which was largely attended. Interment was made in Fairhaven cemetery.

William Feldner and family left this morning for a trip of several months in Iowa, Missouri and Kansas.

Elmer Curry of this city has purchased the Star restaurant on North Glassell street from Mr. Paxton, who recently took over the business from B. F. Hughes.

LADIES! SECRET TO DARKEN GRAY HAIR

Bring Back its Color and
Lustre With Grandma's
Sage Tea Recipe

Common garden sage brewed into a heavy tea, with sulphur and alcohol added, will turn gray, streaked and faded hair beautifully dark and luxuriant; remove every bit of dandruff, stop scalp itching and falling hair. Mixing the Sage Tea and Sulphur recipe at home, though, is trouble some. An easier way is to get the ready-to-use tonic, costing about 50 cents a large bottle, at drug stores, known as "Wyeth's Sage and Sulphur Hair Remedy," thus avoiding a lot of fuss.

While wispy, gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur, no one can tell, because it does so natural ly, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared. After another application or two your hair becomes beautifully dark, glossy, soft and luxuriant and you appear years younger.—Advertisement.

FINAL WORD ON THE SPECIAL SCHOOL TAX

In the first place it's a special tax, not bonds, and requires only a majority to carry.

Secondly, the Register is thoroughly convinced that the deficit calling for the special tax is due solely to the tremendous increase in school attendance—an increase of 318 in 1911-12, of 303 in 1912-13, and of 411 in 1913-14; while the increase of the two years prior to 1911-12 was only 162 and 146 respectively. While the Board of Education anticipated a larger ratio of increase in 1913-14 than the immediately preceding years had shown, it did not anticipate a jump of over 400; and to the extent that it did attempt to provide for a large increase it was to some extent thwarted by having its estimate cut down in the tax levy.

Thirdly, the money proposed to be raised by the special tax is to be used solely to pay teachers and janitors of the grammar grade schools, none of it for the high school.

Fourthly and finally, the Register holds no brief for the Board of Education in this matter, nor does it desire to urge upon voters to vote this tax against their will and judgment. This paper merely believes the tax ought to be voted, and is anxious that no one shall vote against it through misunderstanding or lack of information as to the facts of the case.

BIG BUBBLES PRICKED

The New York Times says of the Claffin Company's failure that "it is a house of cards which has fallen," and the Wall Street Journal declares that the big corporation "failed because it was based on a combination of wholesale and retail business, which imposed on it a financial burden heavier than it could bear." It declares that the late J. P. Morgan, who is said to have been interested in financing the top-heavy concern, saw this clearly, and that "it is not too much to say that had he been alive the result would have been foreseen and therefore rendered largely harmless."

In the opinion of the Springfield Republican, "What the New Haven was in railroading the Claffin Company seems to have been in merchandising. The parallel in some ways is striking. In both cases one finds the old well-established concern with a character beyond reproach and a reputation for unflinching profits and dividends transformed into an over-weighted, unwieldy and unmanageable enterprise. Ideas of business prudence tested by centuries of experience were thrown to the winds in financing them. The principle of combination was supposed to carry some magic with it capable of nullifying even the multiplication table."

It is very evident that the craze for gigantic enterprises and monopolies is passing in America.

In the last few years we have seen a good many of these bubbles, especially in the railroad line, pricked. They go counter to experience and good business, and it is time their day should come to a close.

Clearly their collapse has nothing to do with general trade conditions, present or prospective, except to bring them to a sounder foundation.

SAD BLOW TO EXPATRIATES

The joyous life wealthy Americans have been leading in Paris is overshadowed by regulations issued by the French government for collecting a tax of five per cent on all incomes received in France after July 1st.

The great howl that went up in this country when an income tax was first proposed might have had more justification if the American government had cared as little for the sensitive natures of its rich people as France does.

Also, the American millionaire who planned to escape the unpleasant features of living in the "home of the free" by flitting to Paris and taking up a permanent residence there has fallen upon parlous times.

It makes no difference where the source of the income may be located, France will collect the tax just the same.

Maybe a few of our wandering millionaires may now be impelled to come back to America, where the income tax is a paltry one per cent. Paris is a charming place, brimful of joy and jollity, and a most agreeable spot in which to spend one's money; but having to pay a tax of five per cent on your income for the privilege of remaining there is an expensive luxury.

RHODES SCHOLARS TO BE CHOSEN BY U. S. EACH YEAR

LONDON, July 7.—With the object of giving to Oxford University a new contingent of American students every year, the Rhodes trustees announced yesterday a change in the method of electing scholars. Instead of as hitherto, choosing from the forty-eight states in two consecutive years and skipping the third year, the scholars will be chosen yearly in future from two-thirds of the states.

The sixteen states to be omitted at the 1916 examinations are Arizona, Delaware, Florida, Idaho, Louisiana, Montana, Nevada, New Mexico, North Carolina, North Dakota, Oklahoma, South Carolina, South Dakota, Utah, West Virginia and Wyoming.

From those states scholars will be selected in 1917, when another sixteen states will be omitted.

INTERNATIONAL WHITE SLAVE RING REVEALED

NEW YORK, July 7.—The existence of an international ring of white slave rings was revealed yesterday when Frederick Katz, an alleged member, was placed on trial before United States Judge Grubb.

With this city as headquarters, and Washington, D. C., as the destination of the victims, the ring had extensive operations through all the eastern states and operated in Russia also.

50 PEOPLE INJURED IN OHIO TRAIN WRECK

ELYRIA, Ohio, July 7.—One person was fatally and nine seriously hurt while forty received minor injuries today when a work train on the Cleveland & Southwestern Railroad failed to take a switch and crashed into a passenger train.

Cars and Drivers Figure in Transportation Pageant at San Bernardino

MAYOR H. H. ROSE OF LOS ANGELES

SAN BERNARDINO, July 7.—The pioneers of street and interurban car transportation in Southern California are to participate in the sentiment to be woven in the celebration here on July 11 at the opening of the new line of the Pacific Electric between San Bernardino and Los Angeles.

The electric company has assembled and will use in the big street pageant the first horse, mule and motor cars that served as the first street transportation in Santa Ana, Monrovia, Ontario, Pomona, Riverside, Redlands, Colton and San Bernardino. Now the Pacific Electric is seeking the men who drove those cars, so that they can once more be at their old posts. The electric company has sent forth an appeal to these veterans who care to volunteer for the sake of the sentiment to communicate with the Pacific Electric superintendent here.

The veteran cars will take a part in the pageant of transportation that is to begin with the Indian epoch in history, and thence through the Franciscan, Spanish and American pioneer periods, each of which will be elaborately portrayed. The old ticket office will play.

Mayor H. H. Rose of Los Angeles, in which Paul Shoup, now president of the Pacific Electric, sold tickets in San Bernardino twenty years ago has been found and will figure in the pageant.

Mayor H. H. Rose of Los Angeles and other executives of Southern California will participate in the ceremonies, and half a dozen bands will play.

Our Moral and Legal Obligation

Tomorrow Is Special Tax Election Day—How Are YOU Going to Vote? You Will Do Your Duty, of Course

(BY W. A. ZIMMERMAN)

I have been asked so many times the past few days how I stood on the school deficit question that I thought best to give to the press of our city briefly my views on the question.

It seems to me a pity that some of our good citizens should ever consider for a moment doing otherwise than voting to pay for the services so faithfully and efficiently rendered by the teachers and janitors in our public school the last few weeks of our school year. Many of the teachers and janitors have of necessity been compelled to use their salaries as fast as earned during most of the year, depending upon the last two or three months' salary to provide the funds for the few luxuries, needed vacations, or (in the case of teachers) additional schooling for themselves to better fit them for their duties. The holding up of their pay would be a real hardship, an injustice. They have earned their money and should be paid promptly. The fact that the law does not provide for promptly meeting such deficit makes it more obligatory upon us to do the one thing in our power to provide funds to pay the just bills; i. e., vote the special tax.

The fact that our overworked, and non-compensated, much-discussed school board has been criticised and censured for following the old beaten path of carrying over a deficit from year to year and have made it a little large this year than usual, on account of our large increase of school

children does not enter into the merits of this particular case. We have had the services and should pay for them.

The taxpayers of Santa Ana, our "City of Resources" and "City of Homes" have nobly responded to the call for \$200,000 Poly High bonds, and the growth of our schools is high testimony to the wisdom of such character building implements. The Chamber of Commerce and Board of Supervisors are doing all they can to attract people to our rich and beautiful city. Let us not undo one noble deed or jeopardize our investment of \$200,000 in high schools by having it go out that we could not pay our teachers and janitors.

Who will be willing to accept the arduous office of school trustee in the future if we cannot stand by them in times of stress and trouble? They have to work for nothing and board themselves as it is, and they are sitting up nights trying to solve our problems long after many of us are in the land of blissful dream, or else enjoying the sociable company of friends.

Let us all forget any little real or imaginary differences or grievances and go to the polls and vote yes. Others have touched upon the growth of our schools and needs of increased funds to maintain them, so I will not say anything further on that line.

This tax asked for now is to pay our one hundred or more teachers what is due them. VOTE YES.

DECLARES PUBLIC HIGHWAYS SHOULD NOT BE A RACETRACK

SAN BERNARDINO Sun: Orange County supervisors have turned thumbs down for the Phoenix road race insofar as the roads of that county are concerned. The experience of last year convinced the county dads down the valley that the roads were made for the use of the public and not to be appropriated by speed maniacs. Not only is it the danger involved in the race itself, but for days before drivers must be familiarizing themselves with it, testing their speeds, ascertaining the limit of speed that both roads and cars will stand and by all that making it dangerous if not impossible for people to use the highways.

The race managers have, therefore, turned to San Bernardino and Riverside counties, suggesting that the inside route to San Diego be taken, via Ontario and Riverside. Only a few miles of that is in this county, but that is state highway between Ontario and the county line, and it is doubtful whether we ought to surrender even that much of the roads to the race, which has no business on public highways. Riverside county is yet to be heard from.

If speed cranks want to play tag with death on an enclosed and protected track, that is their own affair, and their means of committing suicide, but the public streets and roads are not the place for it.

PLUMBERS ANSWER ANTI-TRUST LAW INDICTMENT

DES MOINES, Ia., July 7.—Thirty-six plumbers from six Central Western states faced Federal Judge McPherson here today to plead to the indictments returned June 4 by a federal grand jury charging them with violation of the Sherman anti-trust law in that they conspired to control prices and to black-list jobbers and manufacturers who sold to plumbers not members of the state or national organization of plumbers.

The government has been at work upon the case for over a year and many special attorneys and detectives have been employed to gather the huge mass of evidence. The plumbers have not been idle and are

600 TOOL-MAKERS QUIT WESTINGHOUSE COMPANY

PITTSBURGH, July 7.—The Westinghouse strikers won a big victory yesterday when approximately 600 men, expert mechanics employed in one of the most important departments of the Westinghouse shop, packed up their tools and walked out of the East Pittsburgh plant. This badly cripples the Westinghouse company.

The men who walked out were engaged largely in the making of dies and tools used in the manufacture of the Westinghouse products.

REDLANDS-LOS ANGELES AUTO LINE IS OPENED

REDLANDS, July 7.—Redlands and Los Angeles are linked in another way now as the result of the starting of an auto stage yesterday. This will start with two cars daily each way and more cars will be put into use as the traffic demands. The stage is operated by C. N. Raymond and the City Transfer Company and the fare has been placed at \$2 for one way and \$3 for the round trip. This week also brings the first through interurban travel between Redlands and Los Angeles with the completion of the Upland-San Bernardino gap of the road.

BETROTHAL ANNOUNCED

Cleverly Appointed Party Given by Miss Lurline Dickey for Bride-to-Be

Miss Alice Robinson was the star of a recent delightful social event of which Miss Lurline Dickey was the hostess, and where the engagement of Miss Robinson and Rudolph W. Diver was announced. Cubes of sugar were used in the entertaining and significant game of Sweethearts played during the evening.

A midnight supper afforded the opportunity for the informal announcement of the betrothal. A Kewpie at each place bore a small envelope containing the pre-nuptial message, and at the cover marked for the bride-to-be was the most saucy Kewpie of all, who was throned on a velvet-covered box in which was a handsome solitaire that later graced the hand of Miss Robinson. The table was centered with an old shoe, symbol of good luck, from which sprang graceful canterbury bells, and which was circled with dainty Cecile Brunner roses in vases joined by crystal chains. Pink-shaded candelabra shed their glow over the scene and the delectable supper was served in two courses. Little Misses Mary Diver and Grace Dickey were charming waitresses whose gowns of blue and pink were in keeping with the color motif. Toasts were given for the bride and bridegroom-to-be, Miss Joy Baker expressing the good wishes of the party for the honoree, while Miss Hester Robinson cleverly toasted the young man who had won her sister's heart. The complimented guest gave a feeling response to the kindly sentiments of her friends.

Besides Miss Alice Robinson, the honoree and her sisters, Misses Irene and Hester Robinson, and the hostess, Miss Dickey, there were present Misses Olive Newcomer, Gertrude Potts, Joy Baker, Mattie Ritchie, Esther Fluor, McCorkle.

LUCAS-WILSON

Charming Wedding of Two Well Known Young People at Home of Bride

At the home of her mother, Mrs. George S. Wilson, 649 North Birch street, Miss Ethel Viola Wilson was married last evening at 8 o'clock to Errol B. Lucas, son of Mr. and Mrs. A. W. Lucas. The house was richly decorated with baskets of glowing nasturtiums and ropes of ferns, and the nuptial vows were spoken under a wedding bell of white carnations suspended before a striking background of palm branches and ferns.

To the strains of the wedding march, played by Miss Clara Wilson, a sister of the bride, the bride and groom descended the stairs, led by two daintily-gowned ribbon-bearers, Miss Naomi Lucas and Gertrude Kindig, who formed an aisle with the dainty white ribbons they carried. Miss Lois Wilson, the bride's sister, was bridesmaid, and Charles Parslow was the groom's best man, and Rev. Paul E. Wright of the First Christian Church officiated. Miss Wilson was lovely in a handsome gown of white silk crepe and duchess lace with silk chiffon tulle, pearl trimmed. Her arm bouquet was of white carnations and maiden hair fern. Preceding the ceremony, which was pronounced in the presence of a company of fifty relatives and immediate friends of the two families represented, Miss Ruth Lucas sang "I Love You Truly." There were out-of-town guests from Los Angeles and Fullerton, and many beautiful gifts were received.

Following the serving of delectable refreshments, the bride and groom slipped away for an unknown destination, even the time of their return from the honeymoon being kept a secret. The going away gown of the bride was a chic tango with corresponding accessories. On their return, Mr. and Mrs. Lucas will go into their own newly furnished home on Greenleaf street in the beautiful North End. They will be greeted with the warmest of good wishes and congratulations as both are well known and well liked.

Happy Surprise Party

Mr. and Mrs. Clifford Johnson of South Sycamore street were the recipients of a pleasant social courtesy recently when a number of the young women friends surprised Mrs. Johnson by an unexpected evening visit at the pretty bungalow home of the Johnsons. Mrs. Johnson was completely surprised but her husband had been let into the secret of the affair.

Needlework, chat and music aided the hours in their delightful passing and delicious refreshments were served before the close of the evening. Those who joined in the surprise party were Misses Mary and Helen Shrewsbury, Misses Edith and Grace Wells, Misses Eva Nininger, Hazel Rowley, Nellie Bacon, Jennie Stanley, Margaret Hawley, Mr. and Mrs. Elmer Preston and Master Jack Preston.

HERE FROM MEXICO CITY

Miss Martha Warne at Home After Long Stay in Mexico; Passed Danger Zone Safely

Miss Martha Warne, daughter of Mrs. Margaret Warne of 607 East Fifth, and sister of Harry Warne and Miss Margaret Ore of this city, arrived here last night from Mexico City. Fresh from a trip through an alleged danger zone and from a long stay in troubled Mexico City, the prize for which the rebels are fighting and which wily old Huerta holds onto with the tenacity of a bulldog, Miss Warne comes home unperturbed. She speaks unconcernedly but with interest of her journey from the Mexican capital, which she left on June 16. She is here on a three months' leave of absence, and if all goes well in the disrupted republic she expects to return south sometime in September. For three years Miss Warne has been a nurse in the American Hospital in Mexico City, consequently has witnessed some stirring scenes. She was there during the bombardment of the city, and has seen the capital pass through all the near panics and their reactions with which American readers are familiar.

In spite of the fact that she was the only American woman on the train by which she traveled from Mexico City to Soledad where the Mexican railroad track is torn up for two miles, Miss Warne suffered no annoyance from the Mexicans. Many high-class Mexican citizens, both men and women, were on the train going to Vera Cruz for American protection against the day when the rebel advance on the capital will make that place perilous for even the bravest, no matter of what nationality.

Miss Warne says the two-mile interim between the ends of the disrupted railway track must be traveled either by foot, on horse or mule-back, or in a mule cart. The Indians furnish mules and the accompanying carts, either or both, for prices varying from \$5 to \$30 for the two-mile hiatus. Reaching Vera Cruz, Miss Warne waited there eight days for a boat for New Orleans. She had the pleasure of dining with General Funston and of an interesting interview with him. He said there was little danger of an American advance on Mexico City unless Huerta should force intervention to save himself from the clutches of the rebels and Zapatistas, a belief that is shared, according to Miss Warne, by most of those left in Mexico City. She describes Huerta as a clever old Indian, who well conceals his fear, if he feels any.

The host of friends of the Warnes will rejoice that Miss Warne is safely out of Mexico City during the present period of uncertainty as to its fate, and they will hope for a deferring of her return there until the "cruel war is over."

Missionary Society to Meet

The Woman's Missionary Society of the First Presbyterian church will meet tomorrow afternoon at 2:30 o'clock at the church.

"Y" Meeting Postponed

On account of the expected visit of Eva C. Wheeler to Santa Ana at this week-end, the young people have postponed their regular "Y" meeting until Saturday night, when they will meet at the home of Burton Rowley, 202 Cypress avenue, where they will entertain Mrs. Wheeler as a special guest. Her reputation goes before her as a charmer of young people. Mrs. Wheeler will arrange her own program, which is sure to please and to make the evening a remarkable one in the history of "Y" work in Santa Ana. All young people cordially invited to be present at this meeting.

There is Healing in Foley Kidney Pills

You need a mighty good medicine if once your kidneys are exhausted by neglect and overwork, and you have got it in Foley Kidney Pills. Their action is prompt, healing and tonic. Sound health and sound kidneys follow their use. John Phillips, manager Hambleton Gro. Co., Hambleton, W. Va., says: "Three boxes of Foley Kidney Pills completely cured me of kidney and bladder trouble, and I consider them invaluable. I sell them over my own recommendation." Try them. Personals

R. H. Sanborn, who has been enjoying an over-the-Fourth stay at his summer cottage at Bay Island, returned to his home at San Gabriel this evening. Mrs. Sanborn and Miss Viola Hester returned yesterday. Lester Carden, Harvey Gardner, Elmer Prince and Ralph Walbridge formed an auto party going to San Diego for the last week-end. The trip was made in Prince's machine.

Mrs. Viola A. Cramer of Los Angeles spent yesterday in Santa Ana, attending to some business and also enjoying a visit with old friends. Mr. and Mrs. Jack Tichnal, the latter formerly Miss Alice Clark of this city, have returned from their honeymoon and are nicely settled in their new home at Fullerton. Mrs. Ada Clark went to San Diego to meet the Tichnals and accompanied them home as far as this city.

Mr. and Mrs. S. M. Hill and three children spent the Fourth at Long Beach, making the trip by automobile. Mrs. A. R. Hervey and children are at home again after a pleasant two weeks' stay at Pinecrest. Dr. Hervey and J. D. Parsons motored up to the mountain resort Friday and brought them home Sunday evening.

Robert Gill, who has been for the last month or so at Tucson, Arizona, left today for Nogales, Arizona, from where he will make a trip by railway and stage and otherwise, possibly, to get to San Blas, Mexico. Mr. Gill has been in the employ of the Southern Pacific for some years with station in Mexico. The revolution in its progress has driven him back to Santa Ana two or three times, but he has decided to try his fortunes in the troubled republic once more. He is still with the S. P. Railway Company.

Miss Dorothy Dean is taking a special music course at the Los Angeles Normal school.

Mr. and Mrs. J. S. Fluor and daughters, Misses Esther and Elsie, have returned from an automobile trip to San Diego where they spent the Fourth.

Mr. and Mrs. J. G. Morrow have returned from a trip to Pomona. During their stay there they joined a party in a Fourth of July ascent of Mount Baldy.

Mrs. Dora Martin has gone to Upland for an extended visit at the home of her son-in-law and daughter, Mr. and Mrs. R. C. Norton who, with their family spent the Fourth at the Martin home here. Mrs. Martin returned with them to their home. Mrs. Mary Hunt and Mrs. C. W. Bowers have gone to Beaumont for a short visit with relatives.

Mrs. G. J. Mosbaugh was a morning visitor to Los Angeles today. Mrs. J. D. Mills was a traveler this morning to Los Angeles, going via the 8:25 Pacific Electric car. Misses Lillian and Rosamond Norman left this morning for Oakland to attend the 27th annual convention of the State Christian Endeavorers. The convention opens tomorrow and will end July 12.

Mr. and Mrs. J. D. Thomas are enjoying a visit from Mr. and Mrs. O. Lewis of Syracuse, New York. Mr. Thomas is a nephew of the visitors. Mrs. George W. Young and Mrs. Horace Fine with their respective families have gone to Newport Beach for the summer, occupying their cottage there.

W. T. Mitchell and family of 324 Halesworth, leave this afternoon for a two-months' visit with Mr. Mitchell's sister at Black Rock, Utah. They will go by way of San Francisco and Salt Lake City and will spend several days visiting friends in each of those cities.

A camping party has just returned from Waterman's Canyon, near Pine Crest. The personnel of the party is as follows: Mr. and Mrs. F. P. Nickey, Mr. and Mrs. T. D. Knights, Mr. and Mrs. J. W. Blue. They left here early Saturday morning by motor fully equipped for camping and had a most delightful time.

Go to school next Monday at Orange County Business College.

AMUSEMENTS

"Say, bo, dey've got de world's tour de de N'Yawk Joins an' de Wite Sox in de movies at Clune's dis week!" This Sox-Giant film is one to delight the eye of baseball bugs of all ages. One section of the picture is particularly interesting to local people as Walter Johnson, the Olinda hurler, who is now conceded to be the greatest baseball pitcher in the world, is seen warming up before a game with the Giants of Tulsa, Okla. Johnson defeated the crack New York team in this set-to, by the way.

The world's tour film is enlivened considerably by the introduction of the "world's greatest baseball bug." This person is one so "daffy" over ball that he decides to accompany the Giants on the tour. He becomes a box-car tourist and a stowaway. He resorts to all sorts of tricks in order to beat the various transportation companies.

One of the best aerial acts seen here in many a day is that furnished by the Benos, a man and two women. They do a number of startling feats of balancing and contortion. The turn is a delight to the eye, being tastefully, though not burdensomely, dressed.

Harris and Russell do a number of clever society dances in a graceful and rhythmic manner and their act pleases greatly. The Perils of Pauline, No. 8, are also on view. The always invincible, palpably and painstakingly ingenious heroine is put through the usual number of supposed-to-be hair-raising adventures. From these she emerges, as everyone knows beforehand, with smiling triumph. This particular "Peril" is staged in what purports to be "the West."

A picture into whose planning and execution has been put quite a little less hysteria and quite a little more common sense than is commonly found in the silent drama is "The Right of Way." Though resorting to the transparent and time-worn tricks of melodrama for plot the picture is acted in a manner to half-way convince one that the characters are at least partly human and not preposterous Punch and Judy puppets.

All in all, the bill as disclosed at Clune's last night is thoroughly pleasing.

MILLION DOLLAR SERIAL AT THE PRINCESS THEATER

The Princess Theater has secured at great expense the great Harold MacGrath story, "The Million Dollar Mystery."

This is the best and most expensive serial picture ever produced. This is produced by the Thanhouser Film Corporation of New Rochelle, N. Y., and has an all-star cast consisting of James Cruze, Florence La Badie, Marguerite Snow, Sidney Bracey, Alfred Norton, Lila Chester and Frank Farrington.

The Princess will show two reel episodes of this most exciting drama every week, each episode will be filled with thrills and sensations never before attempted.

As the story progresses week by week a startling mystery will be unraveled, it will show the mysterious ceremonies of The Black Hundred, a secret band of Russian millionaires.

It will thrill one with the experience of "Florence Gray" (Florence La Badie) the millionaire heiress whose fortune the plotters are attempting to attain—startling surprises—the fall of a balloon in mid-ocean—the death defying portrayal of a railroad wreck. For the first time will be shown scenes of the ocean bottom's mysterious life and vegetation, pictures taken under the water at tremendous expense.

The first episode will reveal the secret sessions of the plotters, the uncanny disappearance of the million dollars and the remarkable escape of the millionaire "Hargrave" (Alfred Norton), even though surrounded at every point by his death-dealing pursuers. Each episode shown each week hereafter at the Princess will hold you enthralled until the very last inch of the last reel.

Another great feature of this remarkable picture is the \$10,000 cash prize to be awarded for the best 100-word solution of this mystery. See the pictures, follow the developments each week and then send in your solution. Some one in Santa Ana has a chance to win the \$10,000.

All readers of fiction know Harold MacGrath's writings, and this is a masterpiece.

Warner's Rust Proof Corsets, Lace in front styles, at \$1.50 and \$2.00 a pair. Other styles from \$1.00 to \$3.00. The most popular corset today in the market. Any style and price at Gilberts. Take elevator to 2nd floor.

CUTTING AFFAIR BRINGS MEXICANS BEFORE THE COURT

"ALL HOLIDAYS ON MONDAY" IS PLAN OF CLEVELAND MAN

CLEVELAND, July 7.—"All holidays on Monday," is the plan which has been worked out by J. F. Hutton, an official of the Cleveland water works department. Hutton would also rearrange the distribution of holidays so that they would fall at approximately regular intervals instead of in groups as is now the case. Hutton points out that his plan would be welcomed by all workers, because ten times each year it would give them a short vacation of two and a half days. Employers would also endorse it, he thinks, because a holiday which falls in the middle of the week hampers their work.

Washington's birthday under the proposed scheme would fall on the first Monday following February 22, Lincoln's day would be transferred to the first Monday in April. Then would follow Memorial Day on the last Monday in May, Independence Day the first Monday in July, and Civic Day the first Monday in August. Labor day would fall on the first Monday in September as it does now. Columbus day on the second Monday in October and Thanksgiving on the last of November would complete the list except Christmas and New Years which Hutton would leave unchanged. With the help of the progressive associates Hutton will attempt to have his plan framed into a bill and introduced at the next session of Congress.

MYRON T. HERRICK HONOR GUEST AT PARIS LUNCHEON

PARIS, July 7.—A farewell luncheon was given jointly yesterday by the American Chamber of Commerce in Paris and the American Club to Myron T. Herrick, the American ambassador, who is arranging to leave the embassy in a few days. President Wilson has written to the retiring ambassador expressing "my sincere appreciation of the diligence and intelligence with which you performed the very difficult and delicate tasks of that important embassy."

8-HOUR DAY LAW FOR ALL CALIFORNIA LABOR IS TO BE URGED

SACRAMENTO, July 7.—One of the most drastic eight-hour measures ever written will be submitted to California voters at the November election and its passage is believed almost certain. The bill, drawn by Assemblyman Kingsley, the only Socialist member of the California Legislature, affects all employers of labor and reads as follows:

"Any employer who shall require or permit, or who shall suffer or permit any overseer, superintendent, foreman or other agent of such employer, to require or permit any person in his employ to work more than eight hours in one day, or more than 48 hours in one week, except in case of extraordinary emergency, caused by fire, flood or danger to life or property, shall be guilty of a misdemeanor, and upon conviction thereof shall be fined not less than \$50 nor more than \$500, or imprisoned in the county jail not less than ten nor more than ninety days, or both so fined and imprisoned."

—Reduced rate excursions every Saturday to Yosemite. All necessary expenses 10 days, \$45.00, including Mariposa Big Trees, \$60.00 C. A. Wilcomb, agent, 606 South Spring street, Los Angeles.

LOS ANGELES PRODUCE MARKET

The hay market is showing no appreciable change in any varieties. Alfalfa of second grade is super-plentiful and is selling as low as \$8 or \$9, while the best is bringing up to \$12.50. Stock hay is the cheapest in the market, moving for as little as \$6 in large quantities. Barley is bringing up to \$12 and oat and wheat hay are averaging a little less than \$14 a ton.

In the market of staples there were no changes. Egg receipts were 604 cases. The call for this product was very good, but did not cause an advance from the 26-cent market on case count. There is some talk among the egg men of establishing a new buying basis, paying only for the good eggs that are received from the producer, thereby shifting the loss of candling and guarantee of stock from the jobber to the producer. In San Francisco this is done to some extent, and in the East it is largely in effect. The northern city showed an advance to 25 cents on eggs.

Butter was firm.

Cantaloupes were plentiful, 2549 crates having arrived from Imperial in addition to a large shipment of the stock from local places. Four cars of watermelons were also reported in from the southern part of the state.

Pile Up Your Money For a Rainy Day!

ONE of the queerest things about some people is that they will not follow GOOD ADVICE when they KNOW they OUGHT TO. Perhaps we are all more or less that way. All the wise men of all ages have urged their fellow beings to PUT AWAY SOMETHING for a RAINY DAY. Good old Benjamin Franklin's sayings on economy and saving alone ought to make a bank book holder of EVERY ONE. If you have DELAYED, suppose you act HONESTLY with YOURSELF RIGHT NOW.

AT THE COURT HOUSE
**IS EXAMINING
EDWIN JANSS**
Defense Asserts Bonds Issued
in Payment for Expenditures

Edwin Janss, secretary of the Janss Investment company, continues as the first witness in the trial of the Yorba Linda water case.

Attorney Barnhill, representing the promoters of the Yorba Linda tract, who are being sued by the present land owners, is today cross-questioning Janss.

Yesterday afternoon he asked the witness for certain specific data as to the sale of certain lots, and after more than a half hour of struggling with the records the witness could not secure the desired information, and Attorney Barnhill said that he would look up the matter at recess.

The witness was then asked to display the names of those who had at any time been delinquent in their payments of contracts. The plaintiff says this is done to prove how "generous" the defendant had been with the people before issuing \$175,000 bonds, the plaintiffs allege without compensation.

Sundry letters from Yorba Linda purchasers were introduced showing requests for extension of time on payments.

This morning the expense accounts of building the Yorba Linda water system were introduced. These set forth the dates and items of expenditures amounting to the total bond issue of \$175,000.

Then came minutes of a meeting held December 11, 1911, by the directors of the Yorba Linda Water company, at which meeting the directors voted to pay themselves back the money which they had advanced.

Photographs of reservoirs during process of construction and completion were introduced.

Total Registration
County Clerk Williams believes that there will be a total of about 18,500 voters registered in this county in time for voting at the primaries on August 25. Registration and transfers will be received up to midnight of July 25, and upon July 25 the county clerk will keep his office open until midnight in order to receive belated registrations.

The total registration up to today is 16,487, by affiliations as follows: Republicans, 6942; Democrats, 3599; Progressives, 2679; Prohibitionists, 1341; Socialists, 709; Independents, 109; Federation, 1; declining to state, 1112.

**CHINESE MERCHANTS
EMULATE AMERICANS**

SAN FRANCISCO, July 7.—Convinced that the American way of doing business is the better way, three of the municipal department stores of Hong Kong, acting with Sing Chong & Company of San Francisco, have raised \$200,000 with which to make a change in the method of doing business with American manufacturers.

The three Hongkong enterprises involved are Shingere & Company, the Sun Company and Cheng Kwong & Company.

Since the Chinese revolution their business in American goods, such as clothing and shoes has registered an enormous increase. They have been buying through agents of various American, German and British manufacturers, the agents getting a commission.

The combination is also planning to establish branches in New York and elsewhere, to extend the trade in the United States in silk, silverware, blackwood furniture, embroidery, jewelry and porcelain.

**FRIEND W. RICHARDSON
FOR STATE TREASURER**
LOS ANGELES, July 7.—Friend W. Richardson, the present head of the state printing office, yesterday announced his candidacy for the office of state treasurer. The announcement came as the result of a flood of letters that have come to him from all parts of the state urging him to run for the office.

Mr. Richardson's campaign for the office of treasurer will be strictly along non-partisan lines. He is said to be supported in his candidacy by the incumbent, Mr. Roberts. Mr. Richardson is president of the California Press Association and is popular with the newspaper men all over the state.

**WHITTIER CHURCHES JOIN
IN OPEN-AIR MEETINGS**
WHITTIER, July 7.—The first of the series of union open-air meetings which are to take place of the usual evening service in seven of the Protestant churches of Whittier during the summer was held upon the Whittier College campus last evening at 6 o'clock.

Dr. Thomas Newlin, president of the college, delivered the address, and a choir of fifty mixed voices from the various churches furnished the music.

**STORM SWEEPING OVER
OREGON HURTS CROPS**

BAKER, Ore., July 7.—For the second time in three days Eastern Oregon was swept by a heavy electrical storm, reaching the proportions of a cloudburst in some sections. The storm broke late yesterday afternoon and did heavy crop damage. It is reported, impaired roads, swept several bridges away and washed out a portion of the Oregon-Washington Railway & Navigation Company's tracks near Lime, Ore. This is the second washout since Friday.

**NEW BEAN SPECIES IS
NAMED FOR COL. GOETHALS**

PANAMA, July 6.—Professor Henry Pettler, of the Panama Department of Agriculture, has discovered a new species belonging to the natural order of leguminosae, or the bean family, on which he has conferred the name Goethalsia isthmica, to perpetuate the name of the canal builder in botany.

Col. Goethals has had a number of children named after him, but this is his first honor of the botanic order. The leguminosae family, incidentally, knows no limit. Before Professor Pettler's identification of this new member it already had upward of 7000 species.

**MARRIAGE VOWS
AT DEATH
BED**

Illegal Union Solemnized Just Before Oakland Stockman Breathed His Last

OAKLAND, July 7.—Joseph Anderson, a wealthy stockman, died here yesterday after being married a few minutes before the end to the woman he had married seven years ago. The wife remembered that the first ceremony had been performed a few days before Anderson received a final divorce decree from his first wife.

Riding to the home of a deputy county clerk Mrs. Anderson induced him to go to the courthouse at midnight and issue a marriage license. She picked up a minister and dashed in her automobile to the hospital where her husband lay. Anderson gasped the responses in the strange ceremony and then expired. Anderson was 53 years of age and his wife 27. The marriage insured a proper settlement of his estate.

Anderson's death was due to a horse's kick.

**ULSTER REBELS GET
ARMS CONSIGNMENT**

BELFAST, July 7.—Two hundred thousand rounds of ammunition for the Ulster volunteers were landed on the County Down coast from a small collier early yesterday morning. This adventure, in which a dozen young men of Belfast and vicinity took part, disguised as stevedores, was carefully planned, with the result that the torpedo gunboats lying at anchor near the landing place did not consider it worth while to challenge the collier when she arrived. The cartridges, part of a large consignment purchased in Germany, were concealed in bags of coal, which were brought ashore, landed on coal lorries by the pseudo stevedores, and driven away safely to hiding places.

**SAN FRANCISCO ASKED
TO AID STRICKEN SALEM**

SAN FRANCISCO, July 7.—In response to an appeal for help from Salem, Mass., recently devastated by fire, Mayor Rolph today issued a proclamation calling on the people of this city to contribute. The American Red Cross Society will take charge of all funds raised here.

TRIED RECIPES

Beef Tongue

Wash a fresh tongue quickly, cover with boiling water and cook gently over simmering burner about an hour and a half. Remove all skin and unsightly portions and place in casserole with a cupful of sliced carrots, also minced onion, celery and parsley. Add stock enough to cover the vegetables, season well and place in a moderate oven. Remove cover of casserole after an hour's cooking and allow half an hour longer to brown slightly. Make a brown sauce to serve with the tongue, to which add two tablespoons of vinegar and choppe pickle.

Pickled Carrots

Pickled carrots make a nice garnish for potato or any green salad. Select good-sized carrots and scrape them, cut them in two lengthwise and cook them very slowly until tender—about three-quarters of an hour. Then drain them, pack them in jars, put a slice of lemon in each jar, a bay leaf and a teaspoonful of celery seed, and fill each jar with vinegar. They will be ready to use in a day.

Dark Bread Pudding

Take dry bread enough to fill a two-quart pan two-thirds full of bread after it is soaked, one-half cup molasses, one cup of sugar (brown if you have it. White will do), one cup of chopped suet or fat pork, two eggs, a pint of milk, two cups of chopped raisins. You can put in all kinds of spice. I only put in nutmeg and clove, salt teaspoon. I bake mine all night. Wants to be baked slowly. It is fine.

—Boston Globe.

India Curried Eggs

Cut hard-boiled eggs in halves; then fry one small chopped onion and one chopped apple in hot butter; add one-fourth cup of pounded almonds and one pint of milk, mixed with one-half tablespoonful of corn starch. Season with salt and a dessert spoonful of curry powder. Let cook ten minutes; then add the eggs. Let all get very hot. Serve with croquettes; garnish with fried parsley.—The Mother's Magazine.
